Vocational maturity ...

... in project`s own definition is a set of **competences and potentials** necessary for starting and retaining a job, apprenticeship or internship. This is also the case for the beginning of a vocational program and during its educational processes.

FLEXIBILITY

Not important Want to Just started Working on it Doing quite well Succeeded

I can relocate for a job or for an education.

I can adapt to different situations at the workplace.

I am able to change my views and decisions.

I am able to switch between different work tasks.

PROFESSIONAL SKILLS

Vocational maturity tool is ...

... a tool for a **self-evaluation in dialogue**.

Its purpose is to **support professionals**, such as guidance counsellors and teachers, in their vocation-directed dialogues with young persons that are exploring their paths and defining their needs toward their financial/social independence.
